Sunlight streams through the window, creating rays. A throne is visible through the archway, set on a small platform with steps. The background is a vast, hazy landscape with a sunset or sunrise on the horizon, and a large, dark, shadowed area in the foreground. The overall atmosphere is one of grandeur and divine presence.

# THE BOOK OF LIFE

A dramatic space scene featuring a bright sun rising over the horizon of a planet. The sun is a large, glowing orb of yellow and orange, partially obscured by the planet's curved horizon. The planet's surface is visible, showing a mix of brown and orange tones, suggesting a desert or rocky landscape. In the upper left, a bright, glowing nebula or star cluster is visible against the dark background of space, which is filled with numerous stars. The overall atmosphere is one of awe and grandeur.
